

Stake Leaders and Ward Representatives,

The Aaronic Priesthood Encampment is upon us there are less than two and half months before we will be at the encampment. On **April 20th** the final online registration will open and close on **May 4th**.

Attached to this email is copies of:

- LDS Encampment Flyer
- Online Registration Instructions
- Encampment Guide

If you did not receive them in the email they can be found online at:

http://www.grandcolumbiabsa.org/LDS_encampment.html

Each ward has or will need to identify a ward representative to complete the online registration. Most of the representatives have been identified and they will receive this same information. By Monday April 12th they should receive an email containing a link and their username and password allowing them to enter young men and adults attending the encampment. Though the representatives will be able to log on they will not be add campers or do any scheduling until April 20, 2010 12:01am. Please do not add users as this can complicate your registration process.

The following is suggested steps to help the representatives complete registration

1. Hand out the LDS Scout Encampment registration flyer to each individual that plans to attend the encampment this year. Note this includes adult leaders and those who will be of age at camp. Please include stake leaders that will be attending in their home wards.
2. Help youth select merit badges and activities that are age appropriate. They can select (7) Merit badges/activities. One of which will be an alternate (If you have a scout who is an Eagle Scout or has all of the merit badges that are required they may sign up for more activities. Scouts who need merit badges should be encouraged to sign up for all (6) merit badge slots.
3. Required information is:
 - Name*
 - Birth Date* (birthday date is not required for adults)
 - Rank*
 - Troop*
 - *items with star are required**
4. After gathering information use the "Instructions for Registration" to sign on to web site and enter data.

We are excited about the encampment and look forward to seeing you there this year. If you have questions please contact your stake committee member or

email:
